Report Title	Chief Executive's Summary on Organisation Wide Issues		
Sponsoring Executive	Toby Lewis, Chief Executive		
Report Author	Toby Lewis, Chief Executive		
Meeting	Public Trust Board	Date	3 rd October 2019

1. Suggested discussion points *[two or three issues you consider the Trust Board should focus on]*

Unity is covered in a separate paper, and this update notes other developments during September, and expectations for October. It is encouraging to see our work contrasted positively to others both on smoking and care integration. In line with our longstanding emphasis on regeneration the Trust is finalising masterplan suggestions for the land around Midland Met, with hope growing of building work recommencing in December 2019.

The Board may wish to explore planning approaches to 2020-21, recognising the degree of flux around us, and the expectation of the STP that place-based control totals are agreed, aggregating to an STP wide risk share. The STP plan is now expected to the Board in November.

Two Trust wards (D11 and D26) were visited by the CQC for a day in September and received glowing feedback. The written report will take three months to write. An NHS Midlands infection control inspection will take place later in October.
