Apologies:	n/a
Key points of discussion relevant to the Board:	<ul style="list-style-type: none"> • Safety Plan: The data previously available to confirm compliance with the Safety Plan ceased to flow accurately with the implementation of Unity. Data is available at a local level and will be at Trust level by March. • Referral patterns 2019/20 versus plan: Our improvement plan saw significant growth but whilst improvements had been seen they were not at the require scale (88%). • Transitional care: Work on realising the safe transition of care of young people to adult services in line with the Quality Plan was discussed. • Maternal deaths learning enquiry: Confirmation received that the outstanding actions will be completed by the end of April. ROTEM will be delivered • SBAF: A route to adequate assurance was presented for all 3 currently at a limited level risks (local care home provision, vulnerable service improvement and the welearn programme).
Positive highlights of note:	<ul style="list-style-type: none"> • Sustained success in delivering the DMO1 target in January (achieving 99.8%).
Matters of concern or key risks to escalate to the Board:	<ul style="list-style-type: none"> • Need to develop improved marketing programme to overcome ERS deficiencies and reflect short wait times and better pathways.
Matters presented for information or noting:	<ul style="list-style-type: none"> • Purple Point optimisation: it was suggested that patients be asked whether Purple Point was an option for them before they formally complained.
Decisions made:	<ul style="list-style-type: none"> • Safety Plan data to be made available at the March meeting and thereafter until the Committee is assured of its reliability and the results.
Actions agreed:	<ul style="list-style-type: none"> • Within the action tracker
