

Trust Board Update re Imaging Performance

28/01/2021

October 2020 to January 2021 performance to date:

	In patients (Target 90%)	GP Urgent (Target 90%)	All other Imaging (Target 95%)
05/10/2020	80%	55%	86%
12/10/2020	78%	61%	85%
19/10/2020	83%	58%	87%
26/10/2020	77%	56%	85%
02/11/2020	76%	64%	85%
09/11/2020	89%	52%	84%
16/11/2020	83%	49%	85%
23/11/2020	83%	46%	84%
30/11/2020	81%	50%	87%
07/12/2020	88%	63%	85%
14/12/2020	83%	62%	85%
21/12/2020	84%	56%	88%
28/12/2020	77%	47%	90%
04/01/2021	82%	62%	86%
11/01/2021	82%	63%	83%

During the 2nd and 3rd waves of the pandemic, Imaging has continued to deliver acute and routine activity despite the pressures of sickness across the whole team and increased acute demands.

It is reassuring therefore to see that performance remains fairly consistent and the overall trend for each KPI continues to slowly rise.

Imaging and Medicine remain committed to jointly improving IP and ED pathways and are working with the Improvement Team to identify areas for development.
